

PANORAMA

EUROLA

LEADERS IN RETRACTABLE
WEATHER SMART SYSTEMS

Panorama is a mobile glass system which operates vertically. Panorama converts open air area into a much more enjoyable place to make people happier.

The use of traditional retractable glass solutions disturb the integrity between indoor and outdoor. To ensure integrity between indoor and outdoor, HUUN presents outstanding and aesthetic solutions under the name of Panorama.

The system is motorized and makes vertical glass movements inside side rails and can be controlled via wall switch remote controls and even our home utimation system. Panorama gives full control to the user while keeping glasses at any height which the user desires. Thus, Panorama offers more fresh air, larger indoor space, brighter daylight and in total, a much more enjoyable place.

Measurements Spans

Maximum Width of 4000mm
Maximum height of 3600mm
Maximum surface area of 14.4 square metres

Endurance Glazing

8mm Toughened Clear Glass
10.38mm Thermal Celar Glass

Operation

Somfy Motorisation with Remote Control or Hard Wired Wall Switch

Hardware

Marine Grade 6061 Structural Aluminium Extrusions
Marine Grade 316 Stainless Steel Components
Marine Grade Stainless Steel 316 Brackets
High Pressure Aluminium Die Cast Fittings

Optional Available Extras

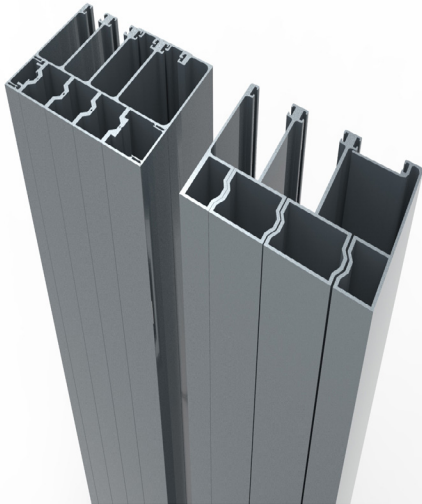

Somfy Sun, Wind and Rain Sensors
Upgradable Somfy Remote Control systems
Remote control upgrades available for multi channel and wall mounted options

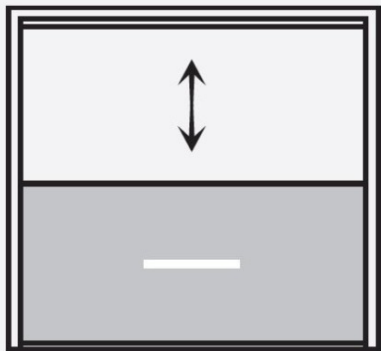

Patent Lift and Slide System

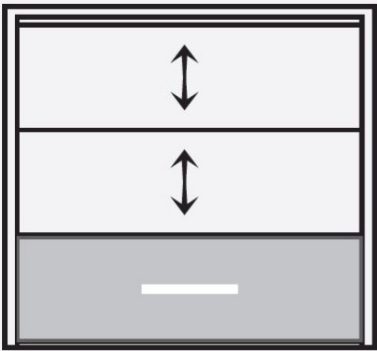

Complete Sealed System

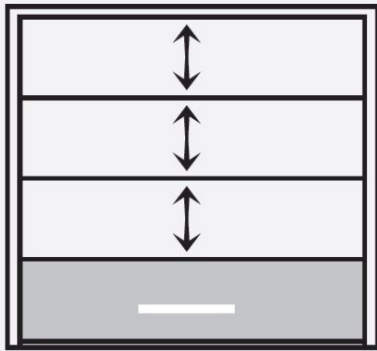

6061 Marine Grade Aluminium Profiles
