## Motor Awning Options

**Motor with remote control**

### Somfy RTS Remote Control Motors

Somfy Remote Control RTS motors with hand held remote can be intergrated with your awning for effortless operation. Remote is battery operated and requires no wires linked to the motor.

**Motor with wall switch**

### Somfy Wired WT Motors

Somfy hard wired WT motors use a manual mounted wall switch to operate the awning. This application is not battery operated and requires an licensed electrician to install.

Make extra use of your awning after dark with integrated LED lighting
